You get unlimited hospital cover

All Discovery Health Medical Scheme plans offer unlimited hospital cover. Your hospital cover includes the account from the hospital and the accounts from your admitting doctor, anaesthetist and any other approved healthcare professional.

Unlimited cover in private hospitals

For any planned or non-emergency admission, you need to contact us to confirm your admission.

The Delta options offer cover for planned admissions in a defined network. For planned admissions at hospitals outside the network, you will have to pay R7 650 of the hospital account. On the Coastal Plan, you must go to a hospital in one of the four coastal provinces for a planned admission. If you don't use a coastal hospital, we pay up to a maximum of 70% of the hospital account and you must pay the difference.

Discovery HomeCare

Discovery HomeCare is a unique home-based nursing service that offers you quality care in the comfort of your own home when approved by your doctor as an alternative to a hospital stay when appropriate (see page 22)

Emergencies are covered in full

If you have an emergency, you can go straight to hospital. If you need medically equipped transport, call Discovery 911 on 0860 999 911.

How we cover your hospital and related accounts

We cover your hospital account from your Hospital Benefit.

Doctors, specialists and other healthcare professionals we have a payment arrangement with are covered in full for approved procedures in hospital. You benefit from access to the broadest range of specialists, which represent over 90% of our members' specialist interactions. If you use healthcare professionals that we don't have payment arrangements with, we will pay at the rate applicable to your chosen plan and you may have a co-payment.

Prescribed Minimum Benefit (PMB) conditions

In terms of the Medical Schemes Act 131 of 1998 and its Regulations, all medical schemes have to cover the costs related to the diagnosis, treatment and care of:

- An emergency medical condition
- A defined list of 270 diagnoses
- A defined list of 27 chronic conditions

To access Prescribed Minimum Benefits, there are rules that apply:

- Your medical condition must qualify for cover and be part of the defined list of Prescribed Minimum Benefit conditions.
- The treatment needed must match the treatments in the defined benefits.
- You must use designated service providers (DSPs) in our network. This does not apply in emergencies. However, even in these cases, where appropriate and according to the rules of the Scheme, you may be transferred to a hospital or other service providers in our network once your condition has stabilised.

If your treatment doesn't meet the above criteria, we will pay up to 80% of the Discovery Health Rate (DHR). You will be responsible for the difference between what we pay and the actual cost of your treatment.

What is an emergency

An emergency medical condition, also referred to as an emergency, is the sudden and, at the time unexpected onset of a health condition that requires immediate medical and surgical treatment, where failure to provide medical or surgical treatment would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part or would place the person's life in serious jeopardy.

An emergency does not necessarily require a hospital admission. We may ask you for additional information to confirm the emergency.

What is the Discovery Health Rate (DHR)

This is a rate set by us at which we pay for healthcare services from hospitals, pharmacies and healthcare professionals

Cover for dental treatment in hospital

Severe dental and oral Surgery

The Severe Dental and Oral Surgery Benefit covers a defined list of procedures, with no upfront payment and no overall limit. This benefit is subject to authorisation and the Scheme's rules.

Other dental treatment in hospital

You need to pay a portion of your hospital or day clinic account upfront for dental admissions. This amount varies, depending on your age and the place of treatment.

We pay the balance of the hospital account from your Hospital Benefit, up to 100% of the DHR. We pay the related accounts, which include the dental surgeon's account, from your Hospital Benefit, up to 100% of the DHR. On Classic plans, we pay anaesthetists up to 200% of the DHR.

For members 13 and older, we cover routine conservative dentistry, such as preventive treatment, simple fillings and root canal treatment from your available Medical Savings Account (MSA).

Dental limit

There is no overall limit for basic dental treatment. However, all dental appliances, their placement, and orthodontic treatment (including related accounts for orthognathic surgery) are paid at 100% of the DHR from your Medical Savings Account (MSA), as long as you have money available.

Amount you need to pay upfront for dental treatment
